

Update from the Interim Search Committee

June of 2024

The search committee for an interim pastor has been busy. They have completed a Ministry Discernment Profile, which then was posted on the Church Leadership Connection website. That website is the most widely reviewed list of opportunities for pastors. It allows for good matches of FPC with the skills and experiences of candidates.

So far, seven pastors have applied, and the website listing remains open through May. The committee will then review all the applications aided by the ease of reviewing sermons online.

They are glad of your prayers as they seek an Interim Pastor to serve the church in this time of transition.
